- What could you do to have a healthier lifestyle?

Tech & Edu 3

- **What is the best age for children to start computer lessons?**
 - During elementary school years, I presume. The very first reason would be the emergence of educational technologies available that are continuously supporting the young generation every now & then.
- **Do you think that schools should use more technology to help children learn?**
 - In this age of computer, technology affects how we learn, and of course, it is a strategic learning tool. *Hence*, parallel to conventional education, more technology ought to be introduced in the school environment for efficiency & productivity. *Example can be seen* in USA where most schools introduced computer-based tutorials to educate children since 2002. *As a result*, the learning processes of the youngsters were far more productive than before. After all, integrating technology into the classroom is an effective way to connect with students of all learning styles.
- **Do you agree or disagree that computer will replace¹ teachers one day?**
 - I go along with the notion that computer or other gadgets will never be able to learn how we, human beings, teach in a class considering cognitive and psychological attributes. *As a consequence*, computer will never replace teachers completely. *However*, I must acknowledge that distance learning **will be contributing** to the education system more than ever. Online lessons & tutorials will dominate in certain contexts.

www.facebook.com/ielts202

Tech & Society 3

- How much has technology improved how we communicate with each other?
 - No face to face interaction is required. Official meeting can be arranged online, ignoring the hassle of traffic congestion, & other physical limitations
 - Social websites (facebook, twitter) help us to connect with friends more conveniently
- Do you agree that there are still many more major technological innovations to be made?
 - A noticeable trend that we can **look forward to** in this era is the technological approaches to transportation. Faster and more reliable transport system will be made available to the public at a cheaper price.
- Could you suggest some reasons why some people are deciding to reduce their use of technology?
 - Technophobia
 - Many tend to hate devices, computers and gadgets simply because they are not used to them.

 - Below the poverty line
- Give an example of an event that people spend too much money on?
 - Wedding/ photography/cinematography
- Are there advantages in hosting an international event by a nation?
 - Affiliated business
- What are the advantages & disadvantages?

Comic actor

I'd like to tell you about a well known actor who is very funny, his name Abu Taher Mohammad Shamsuzzaman. He is a Bangladeshi film and television actor, director and screen-playwright. He was awarded . I think, he was really **hilarious**.

He's funny because he is so **ridiculous** and yet loveable at the same time. He always seems to have the best intentions but he gets himself into **terrible problems and funny situations** just doing normal things.

The things he does are very simple, but very funny and I think it's because most of his comedy is based on **real life everyday situations** that lots of people can relate to it and just how easy it would be for it to happen in real life. His style of comedy is very **clever**.

He's popular not only in my country but all around the neighborhoods. As I said I think that people like him because it's not complex humour – it could happen to anyone, but it normally doesn't, however, it always seems to happen to him.

Another thing that's different to many other comic actors is that he doesn't normally speak a lot, he's funny because of his **facial gestures and body movements**... the comedy doesn't rely on smart or witty dialogue... just on the silly situations or events that he's involved in.

Waiting occasion 2

Describe an occasion when you waited for someone.

You should say:

who you waited for

when and where you waited for the person

how long you waited for the person

and explain why you waited for the person and how you felt about it.

1. Spring,
2. Breathtaking view of the nature, great outdoor activity
3. Move/draw/start off

2

Describe a wild animal

- Which is it?
- Where did you see it?
- How it was interesting?

Vocabulary

Synonym/vocab:

Phrasal verb:

Phrases

Fluency & Coherence and/or Grammar

- Well, I like lot of **wild animals** such as **tiger, lion, elephant, leopard, and so on**. However, my **favorite animal** is elephant.
- It is **huge and the largest animal alive** but still it looks so **cute and innocent**. In Asian cultures, an elephant is the **symbol of wisdom**. It is famous for its **exceptional memory**. In Hindu culture, it is given the **status of a god** and **worshiped** as lord 'Ganesha'
- An elephant has some **special** features. For **example**, it has **two ears** which are quite big. It also has **four teeth**; two are quite **large and visible**. The other **two are hidden**. However, the **most interesting part** is the **trunk** which is about **seven feet in general**. The elephant uses its **trunk** for **various purposes** like spraying the water and lifting the weights.
- Moreover the elephants are **social** creatures. They sometimes 'hug' each other by **wrapping their trunks** together to show **love and affection**. Also, just as a **human baby sucks its thumb**, an elephant calf often **sucks it trunk** for comfort.

Animal & Wild 3

- **What effects do you think humans have on wild animals?**
 - Humans have a huge impact on wild animals. We have destroyed a lot of natural habitats, and many animals are in danger of extinction. Tigers and rhinos, for example, are endangered species because of humans. The pollution and waste that we produce also have an effect on animals. In some places there are no fish in the rivers.
- **What measures could we take to protect wildlife?**
 - I think we need stricter rules to protect natural areas and the wild animals that live there. For example, we should stop cutting down trees in the rain forest. National parks are a good idea because they attract tourists while protecting wildlife.
- **Is it the responsibility of schools to teach children about protecting wildlife?**
 - Yes, schools can play a big part in educating children about this issue. Children should learn how to look after the natural environment. I think schools already teach children about endangered species and the destruction of rain forests, so hopefully future generations will do a better job of protecting wildlife.

Animal extinction 3

- **Why do you think animals are going extinct?**
 - Global warming, loss of habitat, human encroachment
- **Should they be protected?**
 - They are essential part of the bio-diversity
 - Protecting them leads to defending us
- **what can the government and general public do about it?**
 - To counteract the dangers, governments can play a pivotal role by passing & implementing rules convenient for endangered animals.
- **should wild animals be kept in a zoo? why?**
 - Captivity ... brutal/cruel life for them...
- **what problems do animals face when forests are destroyed? what can be done to prevent**
 - They lose their natural habitat. Most cant survive even if relocation can be arranged.
